Kundli Prakar

1. Andha Kundli

Andha Kundli forms when **2 or more mutually enemy planets sit together in H10** (karma/action house). This blinds the career and public life energy of the chart.

✓ No Andha Kundli H10 is free of enemy conflict

H10 does not have 2+ mutually enemy planets. The karma/career house is clear of the Andha blindness condition.

2. Rathandh

Rathandh is a partial blindness formed when **Sun is in H4 AND Saturn is in H7**. Saturn's aspect from H7 creates an adversarial energy affecting the Sun's house.

✓ No Rathandh Sun and Saturn not in H4/H7 opposition

Sun in H4 + Saturn in H7 combination is absent. The chart is free of Rathandh (half-blind) condition.

3. Dharmi Kundli

Dharmi Kundli: **Saturn and Jupiter sit together in any house.** Saturn's harsh nature softens in Jupiter's company the chart gains dharmic protection.

✗ Not a Dharmi Kundli Saturn and Jupiter are in different houses

Dharmi Kundali forms only when Saturn and Jupiter are placed in the same house (conjunction). Currently they are in different houses the specific Dharmi Yoga is not active.

Takkar-Shadashtak (टक्कर-षडाष्टक) Planetary Clashes Detail

When two planets are 6th or 8th from each other in the Lal Kitab chart, the earlier-house planet harms the later-house planet. The harm is one-directional. Remedy for the earlier planet removes the clash. **If no Takkar exists all planets give their full results freely.**

From Planet	House	↓	Harms Planet	House	Effect / प्रभाव
Moon	H4	→	Mars	H11	Moon (H4) cuts the root of Mars (H11) - Jad Katna (Takkar/Shadashtak)
Jupiter	H4	→	Mars	H11	Jupiter (H4) cuts the root of Mars (H11) - Jad Katna (Takkar/Shadashtak)
Mars	H11	→	Saturn	H6	Mars (H11) cuts the root of Saturn (H6) - Jad Katna (Takkar/Shadashtak)
Ketu	H4	→	Mars	H11	Ketu (H4) cuts the root of Mars (H11) - Jad Katna (Takkar/Shadashtak)
Saturn	H6	→	Mercury	H1	Saturn (H6) cuts the root of Mercury (H1) - Jad Katna (Takkar/Shadashtak)

Takkur ke Graha

■ लाल किताब सिद्धांत - टक्कर के ग्रह (Jad Katna Rule)

जब दो ग्रह एक-दूसरे से षष्ठ-अष्टम (6-8) स्थिति में होते हैं, तो उनकी प्राकृतिक मित्रता-शत्रुता का महत्व नहीं रहता वे शत्रु बन जाते हैं। जो ग्रह पहले भाव में बैठा है, वह आठवें भाव में बैठे ग्रह की **जड़ को काट देता है** उस पर पूर्णतः अशुभ प्रभाव डालता है। किन्तु आठवें भाव का ग्रह पहले भाव के ग्रह को प्रभावित नहीं कर सकता। यह प्रभाव *एकतरफा* है।

English: When two planets are in the 6th-8th (Shadashtak) position from each other, their natural friendship is overridden and they become enemies. The planet whose 8th house holds the other **cuts its root (Jad Katna)** entirely. The planet in the 8th position *cannot harm back*. The effect is strictly one-directional.

Cutter (काटने वाला)		Victim (प्रभावित ग्रह)	Jad Katna Effect / प्रभाव	Victim Remedy / उपाय
Moon H4 · Cutter	→ Jad Katna	Mars H11 · Victim	Mars (H11) sits in the 8th house of Moon (H4), so Moon cuts its root entirely. Natural friendship is overridden Mars's significations are harmed. The harm is <i>one-directional</i> : Mars cannot retaliate against Moon.	◆ Feed sweet bread (roti with jaggery) to dogs. Keep a red handkerchief in your pocket.
Jupiter H4 · Cutter	→ Jad Katna	Mars H11 · Victim	Mars (H11) sits in the 8th house of Jupiter (H4), so Jupiter cuts its root entirely. Natural friendship is overridden Mars's significations are harmed. The harm is <i>one-directional</i> : Mars cannot retaliate against Jupiter.	◆ Feed sweet bread (roti with jaggery) to dogs. Keep a red handkerchief in your pocket.
Mars H11 · Cutter	→ Jad Katna	Saturn H6 · Victim	Saturn (H6) sits in the 8th house of Mars (H11), so Mars cuts its root entirely. Natural friendship is overridden Saturn's significations are harmed. The harm is <i>one-directional</i> : Saturn cannot retaliate against Mars.	◆ Donate black sesame seeds (til), iron items, and mustard oil on Saturdays. Feed crows and black dogs regularly.
Ketu H4 · Cutter	→ Jad Katna	Mars H11 · Victim	Mars (H11) sits in the 8th house of Ketu (H4), so Ketu cuts its root entirely. Natural friendship is overridden Mars's significations are harmed. The harm is <i>one-directional</i> : Mars cannot retaliate against Ketu.	◆ Feed sweet bread (roti with jaggery) to dogs. Keep a red handkerchief in your pocket.
Saturn H6 · Cutter	→ Jad Katna	Mercury H1 · Victim	Mercury (H1) sits in the 8th house of Saturn (H6), so Saturn cuts its root entirely. Natural friendship is overridden Mercury's significations are harmed. The harm is <i>one-directional</i> : Mercury cannot retaliate against Saturn.	◆ Feed green moong dal to birds, especially parrots. Keep a green cloth in your pocket or wear green.

▲ **Important:** Shadashtak clash makes the *victim planet* weak in giving its results. Remedy should be performed for the **victim planet** to restore its strength. The cutter planet's influence is so strong that only strengthening the victim (or pacifying the cutter) can reduce the harm. Planets in Shadashtak position become enemies even if they are natural friends (e.g., Sun & Moon, Jupiter & Venus).

Kaayam Graha (कायम ग्रह) Permanently Active Planet 100% Results

Kaayam Graha Definition (लाल किताब): A planet is Kaayam *only if* it satisfies **all four conditions**:

1. Must be **Exalted (Uch)** or in its **Pakka Ghar** this is the base prerequisite.
2. No enemy planet in the **same house** (Yuti / Conjunction condition).
3. No enemy planet in its **Pakka Ghar** (Jad / Root condition).
4. No enemy planet casting **Drishti (aspect)** on its house.

Such a planet gives **100% unconditional results** in all life areas it governs. If none exist all planets have partial obstructions and remedies are required.

Planet / ग्रह	Hindi	H	Kaayam Status
---------------	-------	---	---------------

No planet is fully free from enemy influence in this chart all planets give partial results

Planet Status Manda

How Manda/Nek is determined (3 checks):

1. **Conjunction (युति):** Enemy planet in same house → Manda. Friend planet in same house → Nek.
2. **Roots/Jad (जड़):** Enemy planet sitting in Jad (Malik) house → Manda. Friend in Jad house → Nek.
3. **Drishti (दृष्टि):** Enemy planet casts aspect on this house → Manda. Friend's aspect → Nek. Vakri drishti ALWAYS = Manda.

Rule: If both Manda and Nek exist simultaneously → planet is Manda. Only minor Nek support felt. Check Manda first.

Masnui Graha

Every planet in Lal Kitab has two other planets whose essence is mixed into it these are called **Masnui (Artificial/Mixed) Grahas**. When a planet fails to give good results despite good placement, check its Masnui planets.

If both Masnui planets are in bad houses → main planet cannot give good results even if well-placed.

If Masnui planets are in good houses → main planet will give auspicious results. This table is the same for all charts.

Main Planet (Pakka Graha)	Masnui Planets	Note / What to check

Kurbani Ke Bakre (कुर्बानी के बकरे) Scapegoat Planets

In Lal Kitab, when a planet faces trouble it transfers misfortune to a "scapegoat" (Bali ka Bakra) friendly/dependent planet. This explains why a well-placed planet fails its scapegoat is suffering.

Remedy: If the main planet's remedy doesn't work, remedy its Bali ka Bakra planet that is where the actual problem originates.

Afflicted Planet	Bali Ka Bakra (Scapegoat)	Explanation
Shani (Saturn) शनि	Shukra (Venus) शुक्र	When Saturn faces difficulty (e.g., Sun-Saturn conflict), Rahu-Ketu step in and transfer the trouble onto Venus. In family terms: Sun=father, Saturn=son in their fight, Venus (wife) becomes the scapegoat.
Budh (Mercury) बुध	Shukra (Venus) शुक्र	Mercury is called "bepende ka lota" (a vessel without bottom) very clever and slippery. Though Mercury and Venus are friends, when Mercury faces trouble, it shifts its problem onto Venus and saves itself.
Mangal (Mars) मंगल	Ketu केतु	When Mars is afflicted, its bad effect falls on Ketu. Mangal Badh (afflicted Mars) is formed by Sun+Saturn combination its negative effect falls more on Saturn's son (Ketu).
Shukra (Venus) शुक्र	Chandra (Moon) चंद्र	Venus (female nature) transfers its trouble onto Moon (mother of the native). Chandra and Shukra are rival planets. When both are connected in a chart, the native's mother's eyesight/health is adversely affected.
Guru (Jupiter) गुरु	Ketu केतु	Ketu is called Jupiter's disciple (chela). When Jupiter faces trouble, it transfers its misfortune onto Ketu. During Jupiter's afflicted dasha, Ketu's house results turn negative mama (maternal uncle), spine/joint diseases, and urinary problems may arise.
Surya (Sun) सूर्य	Ketu केतु	Sun also transfers its trouble onto Ketu at times of difficulty. When Sun is afflicted, Ketu-related matters (son, spiritual life, feet) face setbacks.
Chandra (Moon) चंद्र	Guru (Jupiter), Mangal (Mars), Surya (Sun) गुरु, मंगल, सूर्य	Moon's friends are Jupiter, Mars, and Sun. Moon distributes its trouble a little on each Jupiter, Mars, and Sun all partially absorb its difficulties, allowing Moon to escape a bad situation itself.
Rahu राहु	Apni Musibat Swayam (Bears Own Trouble) अपनी मुसीबत स्वयं भोगते हैं	Rahu and Ketu bear their own troubles they do not pass misfortune to others. When Rahu is afflicted, its own significations (trade, brother-in-law) suffer directly.
Ketu केतु	Apni Musibat Swayam (Bears Own Trouble) अपनी मुसीबत स्वयं भोगते हैं	Ketu bears its own troubles directly. When Ketu is afflicted, son, feet/legs, spiritual life are harmed directly without deflecting to another planet.

Soya Hua Graha (सोया हुआ ग्रह) Sleeping Planets Delayed Results

A sleeping planet is one whose **own drishti (vision) contains no planet** per Lal Kitab: "jis grah ki drishti mein koi grah na ho." Such a planet is **inactive from birth** until its activation age is reached and gives **no results at all** before that age. Exception: a planet sitting in any of its Pakka Ghars is always awake. **Remedy: Perform the planet's specific remedy to activate it early.**

Planet / ग्रह	Hindi	H	Activation Age / सक्रियता आयु	Remedy / उपाय
Mars	मंगल	H11	28	Feed sweet bread (roti with jaggery) to dogs.
Mercury	बुध	H1	34	Feed green moong dal to birds, especially parrots.
Rahu	राहु	H10	42	Keep a piece of silver or coal wrapped in a dark cloth under your pillow.

Planet-wise Sleeping Planet Details

Planet / ग्रह	Activation Age	Specific Remedy
Mars मंगल · H11	28	Feed sweet bread (roti with jaggery) to dogs.
Mercury बुध · H1	34	Feed green moong dal to birds, especially parrots.
Rahu राहु · H10	42	Keep a piece of silver or coal wrapped in a dark cloth under your pillow.

Soya Hua Ghar (सोया हुआ घर) Sleeping Houses Dormant Life Areas

A sleeping house has its life-area results suppressed. The specific significations of that house wealth (H2), career (H10), relationships (H7), etc. remain inactive unless specific activating remedies are performed or planetary transits trigger it.

House / भाव	Reason Why Sleeping / कारण
H3	H3 empty and no Mercury in H9 courage/siblings house sleeping
H5	H5 has no planet children/intelligence house sleeping
H8	H8 has no planet longevity/inheritance house sleeping
H9	H9, H3, and H5 all empty fortune/father house sleeping

Dhoke Ka Grah (धोखे का ग्रह) Betrayal Planet 3 Methods

Dhoke Ka Grah is the planet indicating deception, betrayal, or unexpected losses at a specific time in life. Lal Kitab identifies it through **3 separate methods** each is independent and must be read separately. Remedy is needed *only* when the Varshfal H10 planet is negative.

① विधि 1 आयु अनुक्रम (Age-Based Sequence)

The 12-planet LK sequence is laid out starting from Sun's house. Current age determines which column to read that planet is the active Dhoke Ka Grah for this life stage.

Betrayal Planet(s)	Mars
Current Age	29 years
How calculated	12-planet sequence (Su → Mo → Ke → Ma → Bu → Sh → Ra → H8 → H9 → Gu → Shu → H12) starting from Sun's house. Column matching age 29 gives the active Dhoke Ka Grah.

② विधि 2 तेवा

For every planet in the birth chart, whichever planet physically sits in the 10th house from it will give that planet betrayal/dhoka. This is a permanent birth-chart relationship.

Victim Planet · House	Betrayal By (10th from it)	Hindi	Explanation
Sun · H2	Mars · H11	मंगल	10th from H2 = H11; occupant planet will betray the victim planet.
Moon · H4	Mercury · H1	बुध	10th from H4 = H1; occupant planet will betray the victim planet.
Mercury · H1	Rahu · H10	राहु	10th from H1 = H10; occupant planet will betray the victim planet.
Jupiter · H4	Mercury · H1	बुध	10th from H4 = H1; occupant planet will betray the victim planet.
Venus · H2	Mars · H11	मंगल	10th from H2 = H11; occupant planet will betray the victim planet.
Ketu · H4	Mercury · H1	बुध	10th from H4 = H1; occupant planet will betray the victim planet.

③ विधि 3 वर्षफल H10 (Current Year Varshfal Method)

The planet that lands in H10 of the running year's Varshfal chart is the Dhoke Ka Grah for THIS year. If it also matches Method 1, it becomes a **Double Dhoka** highest betrayal risk.

Planet	Hindi · Natal H	Note / Status
✓ No planet in H10 of Varshfal this year no active Varshfal betrayal.		

Masnui Graha (मसनूई ग्रह) Substitute Remedy Planet

When Janam Samay Ka Grah's direct remedy is restricted (Andha/Adhiandhi), use the Masnui substitute planet's remedies instead.

Janam Samay Planet	Jupiter
Masnui Substitutes	Sun, Venus
Note	Direct remedy not allowed for Janam Samay Ka Grah use Masnui planet remedies

35 Sala Chakkar (35 साल चक्कर) Lal Kitab 35-Year Dasha Cycle

The Lal Kitab 35-year dasha cycle assigns fixed periods to each planet. The active period shows which planet governs life themes now. Strength score indicates how beneficial the dasha is for the native.

**Grah Drishti (ग्रह दृष्टि) · Lal Kitab Aspects**

In Lal Kitab, aspects (Drishti) work differently from Vedic astrology. Houses 1-6 cast aspects forward onto specific houses. Three strengths: **100% (full)**, **50% (half)**, **25% (quarter)**. A friendly planet's aspect = beneficial. Enemy planet's aspect = harmful. Vakri (backward) aspects are *always harmful regardless of friendship*.

Planet-wise Drishti

Planet / ग्रह	From H	Aspects Cast / दृष्टि
Sun सूर्य	H2	25% H2 → H6 → Saturn
Moon चंद्र	H4	100% H4 → H10 → Rahu
Mercury बुध	H1	100% H1 → H7 → Empty
Jupiter बृहस्पति	H4	100% H4 → H10 → Rahu
Venus शुक्र	H2	25% H2 → H6 → Saturn
Saturn शनि	H6	25% H6 → H12 → Empty 100% H6 → H2 (Vakri always harmful) → Sun, Venus
Ketu केतु	H4	100% H4 → H10 → Rahu

Master Remedy Plan - Which Upaya, In Which Order, And Why

Many upaya appear through this report, each beside its own affliction. This page gathers them into ONE ordered prescription, ranked by the classical Lal Kitab sequence - first free the chart of rin (debt), then pacify the manda grahas, then wake the soya grahas, then settle the quarrelling conjunctions. Follow the order; do not attempt everything at once.

Priority	Category & Target	The Remedy (Upaya)	Why This Is Prescribed
1	Rin Mukti (Ancestral Debt) Pitru Rin (Forefather's Debt) - debt of Venus/Mercury/Rahu	Collect a rupee coin from all blood relatives and donate the collected amount to a temple in a single day.	This karmic debt is ACTIVE in the chart (indication: Destruction of a neighboring temple or a peepal tree.). Lal Kitab holds that no planetary remedy bears full fruit while an ancestral rin remains unpaid - hence it stands first.
2	Rin Mukti (Ancestral Debt) Sthree Rin (Woman's Debt) - debt of Sun/Moon/Rahu	Take equal money from all blood relatives and feed 100 cows with tasty food using that money in a single day.	This karmic debt is ACTIVE in the chart (indication: Household will have animals with teeth especially cow, or believing in clan-hatred.). Lal Kitab holds that no planetary remedy bears full fruit while an ancestral rin remains unpaid - hence it stands first.
3	Rin Mukti (Ancestral Debt) Matru Rin (Mother's Debt) - debt of Ketu	Take equal silver from all blood relatives and flow it in a river in a single day.	This karmic debt is ACTIVE in the chart (indication: Neighboring well or river is being used for dirt and garbage rather than worshipping.). Lal Kitab holds that no planetary remedy bears full fruit while an ancestral rin remains unpaid - hence it stands first.
4	Rin Mukti (Ancestral Debt) Bhai/Bandhu Rin (Brother's/Relatives' Debt) - debt of Mercury/Ketu	Collect equal amount of money from all blood relatives and give it to a hakim or doctor to help others.	This karmic debt is ACTIVE in the chart (indication: Hatred towards meeting relatives, staying away from family during birthdays of kids, festi). Lal Kitab holds that no planetary remedy bears full fruit while an ancestral rin remains unpaid - hence it stands first.
5	Manda Graha Shanti (Afflicted Planets) Saturn (house 6) - Manda	Donate black sesame seeds (til), iron items, and mustard oil on Saturdays.	Saturn is judged MANDA in this chart because: Drishti: Sun (enemy, H2) casts 25% aspect on H6; Roots (Jad): Mars (enemy) is in Jad house H11. A manda graha spoils the fruits of its house and of every house it watches - its shanti is the core of the treatment.

**Master Remedy Plan (Continued)**

Priority	Category & Target	The Remedy (Upaya)	Why This Is Prescribed
6	Manda Graha Shanti (Afflicted Planets) Sun (house 2) - Manda	Offer water mixed with jaggery to the Sun at sunrise daily.	Sun is judged MANDA in this chart because: Conjunction: Venus (enemy) is in same house H2; Vakri Drishti: Saturn (H6) casts Vakri 100% aspect on H2 always harmful. A manda graha spoils the fruits of its house and of every house it watches - its shanti is the core of the treatment.
7	Manda Graha Shanti (Afflicted Planets) Moon (house 4) - Manda	Keep a silver square piece or silver coin with you always.	Moon is judged MANDA in this chart because: Conjunction: Ketu (enemy) is in same house H4; Roots (Jad): Ketu (enemy) is in Jad house H4. A manda graha spoils the fruits of its house and of every house it watches - its shanti is the core of the treatment.
8	Manda Graha Shanti (Afflicted Planets) Mars (house 11) - Manda	Feed sweet bread (roti with jaggery) to dogs.	Mars is judged MANDA in this chart because: Roots (Jad): Mercury (enemy) is in Jad house H1. A manda graha spoils the fruits of its house and of every house it watches - its shanti is the core of the treatment.
9	Soya Graha Jagran (Sleeping Planets) Mercury sleeping in house 1	Feed green moong dal to birds, especially parrots.	A soya (sleeping) graha gives no result - good or bad - until awakened; it naturally stirs around 34. This jagran remedy invites its blessings earlier instead of waiting for fate's own schedule.
10	Grah Milan Shanti (Harmful Conjunctions) Sun + Venus in house 2	Never accept dowry. Donate white items curd, white cloth, rice on Fridays. Feed cows with green fodder on Fridays. Keep fast on Fridays. Place a piece of silver in the home's northeast corner.	These two grahas sit together in an inimical milan - Sun-Venus conjunction: Venus is combusted by Sun harms marital life and pleasures. Wife's health and fortune . The remedy separates their quarrel without weakening either planet.

Priority	Category & Target	The Remedy (Upaya)	Why This Is Prescribed
11	Grah Milan Shanti (Harmful Conjunctions) Moon + Ketu in house 4	Feed dogs with milk-soaked bread. Donate multi-colored blanket to a temple. Worship Goddess Durga on Tuesdays. Keep a silver Ganesha idol at home. Plant jasmine (chameli) at home.	These two grahas sit together in an inimical milan - Moon-Ketu conjunction: emotional detachment, spiritual inclination, mother's health suffers, emotional isolati. The remedy separates their quarrel without weakening either planet.

Master Remedy Plan (Continued)**Krama - The Discipline of Sequence**

1. Begin with Priority 1 alone. One remedy, one 40-43 day cycle - Lal Kitab forbids mixing several planet-remedies in the same cycle, for the grahas then dispute whose fruit it is.
2. When a cycle completes, rest three days, then take up the next priority. The daily universal remedies (feeding animals, respecting elders) run continuously alongside and never conflict.
3. If time or means permit only ONE campaign this season, choose the first row of this table - the debts and the weakest graha (Saturn) are where the chart bleeds most, and where one sincere cycle repays the most.
4. A remedy abandoned midway must restart from day one. Better one vrat kept whole than five begun and broken.

Lal Kitab Remedy Guidelines

Muhurta (Timing)	Commence each upaya on the graha's own vara (weekday), in the bright half if possible, and carry it unbroken through 40-43 sunrises - the span the Lal Kitab prescribes for a vibration to take root.
Akhand Niyam (Consistency)	The vrat must not break. A single missed day returns the sadhana to day one - the grahas count devotion, not intention.
Jal Pravah (Water Remedies)	Whatever is to be offered to water must go into FLOWING water - river, canal or sea. Still water holds the dosha in place instead of carrying it away.
Daan Vidhi (Donations)	Give with folded respect and a lowered eye; the moment daan seeks gratitude or display, its planetary credit is cancelled.
Jeev Seva (Animals)	Feed the prescribed creature at the same hour and place daily - regularity, not quantity, is what the grahas read.
Shuddh Samagri (Materials)	Metals pure, grains fresh, cloth unused. The Lal Kitab admits no artificial substitute - an impure samagri is an unposted letter.
Krama (Priority)	One graha per 40-day cycle, following the Master Remedy Plan on the previous page. Grahas served together quarrel over the fruit.
Phala (Results)	The first easing is felt within the 40-43 day cycle itself; the deeper turning of circumstance matures over three to six months of continued discipline.

Universal Daily Remedies

- ◆ Never cross the threshold empty-handed - a coin, a fruit or a grain in the pocket keeps Lakshmi walking beside you.
- ◆ Feed dogs, cows or birds each morning before your own first meal; jeev seva is the one remedy that pacifies all nine grahas at once.
- ◆ Keep the South-West corner of the home clean and uncluttered - it is the seat of the ancestors, and their unrest becomes the family's unrest.
